## HANNAH'S ADVENTURES IN MISSIONS

---

### *Abbreviated Update*

- Got back to Honduras from Spanish school July 15
- A few days later we had a meeting with the manager of DESEO
- Officially started our jobs July 21!
- Faith takes patience and the grace of God
- Spanish is hard, but not impossible.

### *Full Update*

Since returning to Honduras, Hannah Ruth and I have been **working** with the DESEO team, and the guys are in Corquin working to maintain relationships and presence while the Bridges are in the States for a little while. When the Bridges come back, the guys will continue helping them in Corquin. It's been super fun with DESEO, we participate in the Bible skits at every school, and we are each assigned as an assistant to one member of the team, and we help them keep the classroom seated and obedient, prepare the crafts for the kids, and various other things around the office. Our job involves a whole lot of cutting up and gluing construction paper! In the afternoons we help with tutoring and basketball.

These are some of my kids from tutoring. This was their last day before they graduated from tutoring, so we went outside and had snacks!

Hannah Ruth and I have official office hours from 7-5 every day, with a two hour lunch break in the middle. The guys don't have "office hours" per se, because their focus is maintaining relationships with people. If you prayed for my discipline since the last newsletter, thank you! I have been waking up every weekday at five to have quiet time with God, and leaving the house at 6:15 to walk to work. I really enjoy this, because I've honestly never had a consistent **routine**. Please pray that would continue!

The church here is a joy to be a part of, there are frequent baptisms and it grows continually. Pray that those who were recently baptized would continue learning and growing and not give up their faith. This picture is of a girl named Montserrat from Corquin. She's in the ninth grade, and was baptized July 30.

Here's my coworker Hector giving some soccer tips to the boys in a kindergarten we go to every Friday in Corquin.

We're making relationships here in Santa Rosa, mostly with our coworkers. We organized a girls soccer night, and it was an absolute blast. (The boys you're seeing are our coordinator's kids.)

Much love

*Hannah Baker*
